SAFETY EXPERTS
ACROSS NORTH AMERICA

WHO WE ARE

In 1946, Sam Magid and Abe & Dave Cohen started with just 20 employees in a small Chicago factory making leather gloves.

Over 70 years later, we're still a family owned business, but we've grown into a global presence in the safety industry.

At Magid, safety isn't just a job, it's our legacy.

WHAT WE DO

As a manufacturer selling direct, we have production facilities and workers of our own so we share and understand your safety needs.

We're a Manufacturer Selling Direct

Many of our products began as special customer requests or as our own ideas to improve worker safety, comfort and compliance. We listen to you, design new products and even change existing ones to meet your needs.

Tell us what you're looking for – Magid can make it. We cut out the middle man to give you the best value!

THE PRODUCTS YOU NEED

We Distribute Over 700 Safety Brands

We partner with all the leading brands in safety. Our fully-automated multi-shuttle inventory management system ships 98.5% of orders the same day. Over \$70 million in PPE inventory and 100,000 SKU's available to you means we have whatever you need to keep your people safe.

We're Your Partner in Safety

Magid's flexible and customizable programs help you to order and distribute inventory in the way that's best for your operation – and that adds up to efficiency and cost savings for you!

Vending

Control inventory while giving your workers easy access to PPE.

THE FLEXIBILITY YOU WANT

Going the Extra Mile

Need your deliveries specially packed? Got an emergency? We'll do what no one else will to make your job easier. Ask us how we've bent over backwards for our customers!

Consignment

Our Convenient Zero Investment Inventory Program (ZIIP) keeps PPE in stock and ready at your site, but you pay only for the inventory your workers use.

Safety On Site Store (SOS)

For larger customer sites, we set up a Magid-managed store at your facility. Your workers get the PPE they need while we take care of managing and distributing your inventory. Nothing could be easier!

Inventory Trailer Drop

For remote job sites, we send a mobile unit to supply your workers on-site for the duration of your project. You pay only for the PPE your workers use and we restock your supply as you need it.
