Powdered Hand Soaps Provide the Least Expensive Pair of Clean Hands vs. Waterless Hand Cleaner or Liquid Lotion Soap

Boraxo Powdered Hand Soaps

The original powdered hand soap, and still the industry leader. Dual action Boraxo combines the scrubbing power of Boraxo with the cleaning power of soap to easily dissolve grease and dirt when washing with water. All Boraxo Powdered hand soaps are 100% soluble and safe in septic systems.

- TMT Powdered Hand Soap – 90% fine mesh borax, 10% soap.
- Boraxo Powdered Hand Soap – The original. 75% fine mesh borax, 25% soap for more cleaning power.
- Heavy Duty Boraxo Powdered Hand Soap – Larger crystals provide the best dual-action performance.

Luron Pink Powdered Hand Soap

A combination of fine powdered soap and skin conditioners make this soap extra gentle to the hands. Soft rose scent and pink color. 100% soluble and safe in septic systems.

Boraxo Liquid Lotion Soap

A deep-cleaning lotion soap that washes thoroughly while remaining gentle on the skin. pH balanced formula has a light, pleasant fragrance and produces a thick, rich lather in seconds.
