Carbon Monoxide Detector

SCM4

Finds CO Sources Fast

The SCM4 has a very fast reaction time. This rugged instrument can help you hunt down sources of the potentially life-threatening poisonous gas.

- Fast enough for walk around testing
- Calibrates to ambient quickly with ZERO button
- Audio and visual alerts
- Magnetic hanger
- Bright, blue backlight on dual display
- Field replaceable sensor

Carbon Monoxide Accessory Head ACM4

- Fast enough to locate CO source in walk-around testing
- Three-pin electrochemical sensor for better performance
- Range 0-1000 ppm (2000 ppm with 5 minute max exposure time)
- Accuracy: 0-35 ppm ±5% reading, ±2 ppm after zeroing
- Field replaceable sensor

Combustion Check with Automatic Pump SOX3

Fast and Easy Furnace Tuning

The SOX3 is an affordable alternative to full-function combustion analyzers. It provides the essential readings needed to tune combustion equipment like measuring flue temp and %O2, and calculating %CO2, %Excess Air, and combustion efficiency.

- Calculates %CO2, %EA, and combustion efficiency
- Hands-free testing
 - Automatic pump
 - Magnetic hanger
- Threaded barrel-lock cone
- Programmable for custom fuel types
