

Carbon Monoxide Detector

SCM4

Finds CO Sources Fast

The SCM4 has a very fast reaction time. This rugged instrument can help you hunt down sources of the potentially life-threatening poisonous gas.

- Fast enough for walk around testing
- Calibrates to ambient quickly with ZERO button
- Audio and visual alerts
- Magnetic hanger
- Bright, blue backlight on dual display
- Field replaceable sensor

Carbon Monoxide Accessory Head

ACM4

- Fast enough to locate CO source in walk-around testing
- Three-pin electrochemical sensor for better performance
- Range 0-1000 ppm (2000 ppm with 5 minute max exposure time)
- Accuracy: 0-35 ppm $\pm 5\%$ reading, ± 2 ppm after zeroing
- Field replaceable sensor

Combustion Check with Automatic Pump

SOX3

Fast and Easy Furnace Tuning

The SOX3 is an affordable alternative to full-function combustion analyzers. It provides the essential readings needed to tune combustion equipment like measuring flue temp and %O₂, and calculating %CO₂, %Excess Air, and combustion efficiency.

- Calculates %CO₂, %EA, and combustion efficiency
- Hands-free testing
 - Automatic pump
 - Magnetic hanger
 - Threaded barrel-lock cone
- Programmable for custom fuel types

Included

- Barrel and thermocouple – RSOX3
- Barrel-lock cone – RCONE2
- Foam padded hard case
