Features and Benefits

We are excited to announce the new Robertshaw® Uni-Kit 360 - a Universal Heating Repair Kit with your favorite five controls.

The Robertshaw Uni-Kit 360 is designed to replace over 1,600 controls used in the field today. Designed to service the most common replacement needs, this kit:

- Consolidates inventory into one easy-to-order SKU
- Reduces installation time by having all the right parts for typical repairs, and

- Comes with great FREE Robertshaw tools - a sturdy tool bag, screwdriver, helpful reorder form, universal cross reference visor card, and handy gas valve cross reference guide.

No contractor should be without this new all-in-one kit. So order yours today! The Robertshaw Uni-Kit 360 is only available for a limited time. Robertshaw – *Simply the Right Choice™* for universal solutions.

UNI-KIT
360
UNIVERSAL HEATING REPAIR KIT

Uni-Kit 360 Products Include:

720-079 Universal Electronic Ignition Gas Valve

- Provides dual automatic valves (redundant)
- Installs easier with wiring connections, manual selector and adjustments on top of valve
- Meets all codes requiring dual valve safety shutoff
- Reduces service truck stock - freeing up valuable space and saving money

Applications include:

- Intermittent pilot
- Direct spark
- Hot surface

780-910 Universal Hot Surface Ignition Control

The 780-910 Uni-Kit is designed to replace the widest variety of hot surface ignition modules available today, including systems using:

- Local (sense through the hot surface ignitor) or remote flame sensors
- Single or three ignition attempts or 7 second ignition trial time
- 17 or 34 second ignitor warm-up time
- 34 seconds or less pre-purge
- Natural or L.P. gas controls
- 120V AC hot surface ignitors

41-802N Universal Ignitor

The Robertshaw 41-802N Universal Ignitor replaces over 200 ignitors currently found in the field today.

- The ultimate in Silicon Nitride with technology from Kyocera™ for the best durability
- Flat blade heating element for best heat dissipation
- 3 year warranty

10-760 Universal Flame Sensor

- High temperature sensor rod will withstand 1800°F
- Insulated lead wire with a 482°F rating and a 1/4" quick connect terminal
- 4" sensor rod can be cut and bent to match original unit
- Excellent replacement to White-Rodgers 760-401

2374-510 Universal Air Pressure Sensing Switch

- High impact polycarbonate housing for harsh conditions
- Snap-acting switch with three male 90° quick connect terminals
- Field adjustable set points ranging from 0.10" to 10" W.C.

Bonus tools include:

Sturdy Toolbag, Screwdriver, Heating Cross Reference Charts Visor Card, Gas Valve Cross Reference Pocket Guide
