

WHERE QUALITY COMES FIRST

Side connection allows for quicker, less expensive installation

Cal-Pro hydronic expansion tanks

Zilmet has over 50 years of experience in manufacturing high quality diaphragm well tanks

- Has produced over 7.5 million tanks and over 1 million heat exchangers
- Fully vertically integrated, designing and manufacturing all diaphragms internally

Zilmet has created a compact design with a seamless diaphragm that never stretches or creases. There are no bubbles or corners to trap sediment, inhibiting bacterial growth

Technical features

- Each tank is factory leak tested to ensure tank integrity
- Certified synthetic SBR rubber diaphragm
- All diaphragms designed to maximize drawdown
- MIG welding eliminates interior rough spots and sharp edges
- Welded side outlet allows easy and quick installation
- Low profile tank design with full membrane depth eliminates stretching of diaphragm, providing increased life cycle
- External baked on epoxy-polyester coating provides a durable, appliance like finish
- Protected pre charge valve eliminates potential leak path
- 5 year warranty on all models

■ material description

description	material
shell	carbon steel
connections	stainless steel
membrane	SBR synthetic rubber
color	grey

■ operating conditions

max. working pressure 2-13.2 gal	60 psi
max. working pressure 21-184 gal	90 psi
max. operating temperature	210°F
factory precharge	12 psi

technical drawings

technical and dimensional data

Model #	Capacity	Diameter	Height	Connection height	Connection	Acceptance Volumes	
	Gallons	inches (øD)	inches (H)	inches (E)	(øC)
